

2013

TWELVE YEAR TRANSPORTATION PROGRAM

STATE TRANSPORTATION COMMISSION

Adopted

August 14, 2014

TWELVE YEAR TRANSPORTATION PROGRAM

SINGLE-LINE LISTING DEFINITIONS

The following is an explanation of the various codes used in the single-line computerized printout of the Twelve Year Transportation Program. The items in the heading are explained below. The column definitions proceed from left to right, top to bottom.

SECTION HEADING

This groups the projects by location under the regional metropolitan planning organizations or rural planning areas. Statewide and interstate projects are grouped at the end of the report. (See Table of Contents for order).

COUNTY Groups the projects by county.

MODE Identifies the project mode in the following order:
Highways
Bridges
Airport
Transit
Rail

PAGE HEADING and PROJECT DETAILS Consists of the following items:

MPMS# The project identification number used in the current project inventory system.

SR The State Route Number shows the route on which the project is located. The State Route System was implemented in late 1986, replacing the Legislative Route numbering system. Local roads are coded 9900 or 9911.

TITLE /SPONSOR A brief name given to the project, often referred to as the project's "short title" or the Transit Entity sponsoring the project.
The municipality where the project is located may be included.

PERIOD Denotes the time period in which the project is to be implemented:
1 - First Four Years - October 2012 – September 2016
2 - Second Four Years - October 2016 – September 2020
3 - Third Four Years - October 2020 – September 2024

COSTS

Consists of the following eight items:

- | | |
|--------------|---|
| Study | The cost associated with projects that are studies or research projects. |
| PE | The cost of the preliminary engineering of the project development. |
| FD | The cost of the final design of the project development. |
| UTL | The cost of the utility changes (electric, telecommunications, mechanical). |
| ROW | The cost of the right-of-way phase of the project. |
| CON | The cost of the construction phase of the project. |
| PRA | The costs of planning and research or administrative projects. |
| TOTAL | The total project cost. |
