2021 TWELVE YEAR PROGRAM UPDATE REGIONAL TRANSPORTATION SURVEY SUMMARY

HARRISBURG AREA TRANSPORTATION STUDY (HATS)

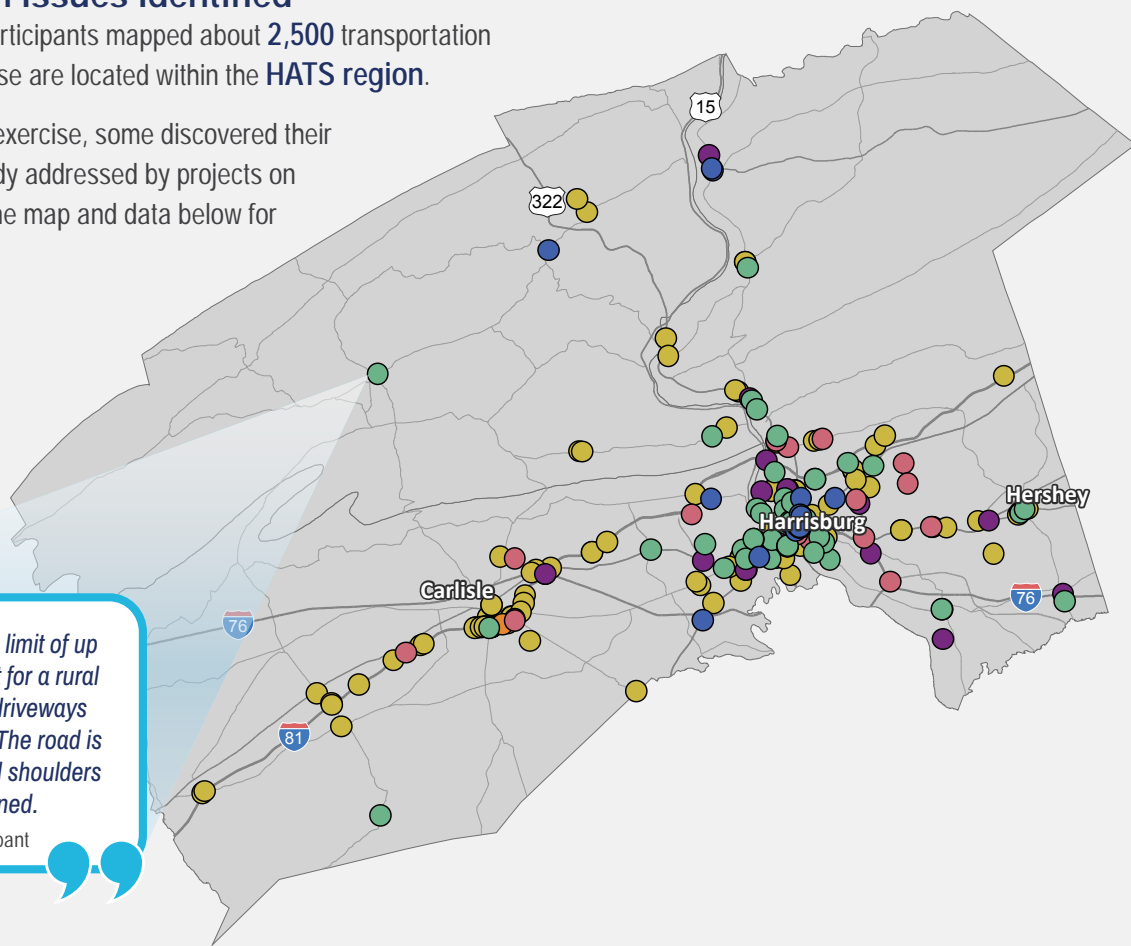

A CLOSER LOOK AT YOUR REGION

The State Transportation Commission's 45-day open public comment period for the 2021 Twelve Year Program (TYP) Update was held March 11 through April 26, 2019. During the comment period, the public had the opportunity to take the Transportation Survey and participate in an online public meeting on either a webinar platform or Facebook Live. All public feedback received was analyzed to better understand public priorities and transportation trends.

Transportation Issues Identified

Statewide, survey participants mapped about **2,500** transportation concerns. **251** of these are located within the **HATS region**.

During the mapping exercise, some discovered their concerns were already addressed by projects on the 2019 TYP. See the map and data below for more details.

Valley Rd has a speed limit of up to 55 mph. It is too fast for a rural route that has many driveways and school bus stops. The road is popular for cyclists and shoulders need to be widened.

Number Of Issues Identified

The icons below correspond with the same color dots on the map.

Examples of 2019 TYP projects that addressed public concerns

- Locust Lane Bridge Preservation
- US 322 and SR 1919 Intersection Improvement
- 7th Street Intermodal Facility Improvement
- PA 283 and I-76 Interchange Improvement
- I-83 East Shore Section 1 Reconstruction
