2021 TWELVE YEAR PROGRAM UPDATE REGIONAL TRANSPORTATION SURVEY SUMMARY

LEHIGH VALLEY TRANSPORTATION STUDY (LVTS)

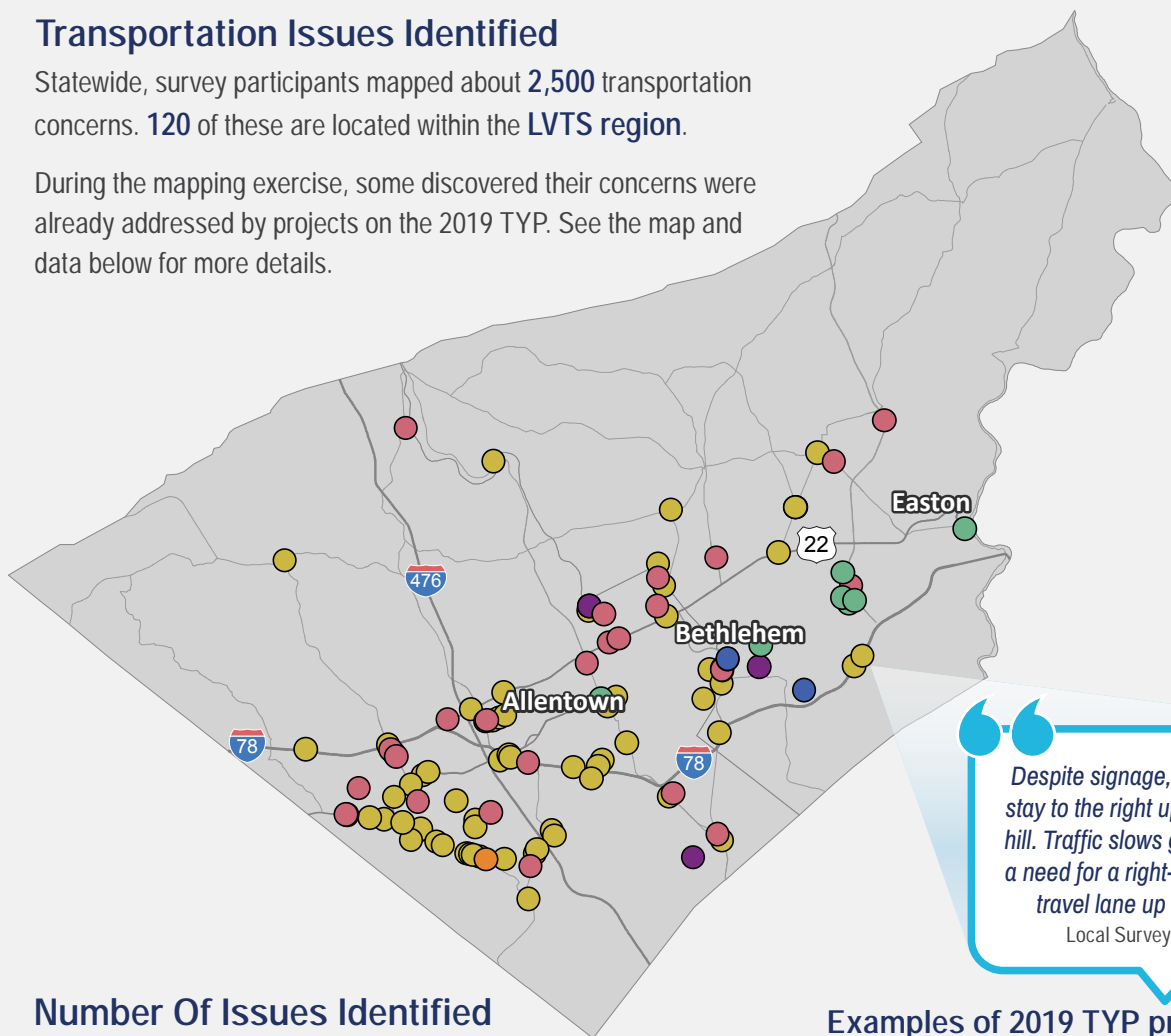

A CLOSER LOOK AT YOUR REGION

The State Transportation Commission's 45-day open public comment period for the 2021 Twelve Year Program (TYP) Update was held March 11 through April 26, 2019. During the comment period, the public had the opportunity to take the Transportation Survey and participate in an online public meeting on either a webinar platform or Facebook Live. All public feedback received was analyzed to better understand public priorities and transportation trends.

Transportation Issues Identified

Statewide, survey participants mapped about **2,500** transportation concerns. **120** of these are located within the **LVTS region**.

During the mapping exercise, some discovered their concerns were already addressed by projects on the 2019 TYP. See the map and data below for more details.

Despite signage, trucks do NOT stay to the right up this 1 1/2 mile hill. Traffic slows greatly. There is a need for a right-hand side truck travel lane up this long hill.
Local Survey Participant

Number Of Issues Identified

The icons below correspond with the same color dots on the map.

Examples of 2019 TYP projects that addressed public concerns

- Walnut Street Bridge Replacement
- US 22 Reconstruction
- SR 309 Interchange Improvement
- PA 100 Reconstruction
- PA 248 Resurfacing
