Commission

### A CLOSER LOOK AT YOUR REGION

The State Transportation Commission held a 60-day Public Comment Period for the update of the 2027 12-Year Program (TYP) from March 3 through April 30, 2025. The public was invited to provide input through taking the Transportation Survey and participating in an Online Public Forum, which was broadcast live on PAcast and Facebook Live on Thursday, April 10. The public also had the option to request assistance to participate in the Survey or Online Public Forum by contacting PennDOT's Program Center. All public feedback received was reviewed and compiled to better understand current transportation priorities and trends regionally and statewide.

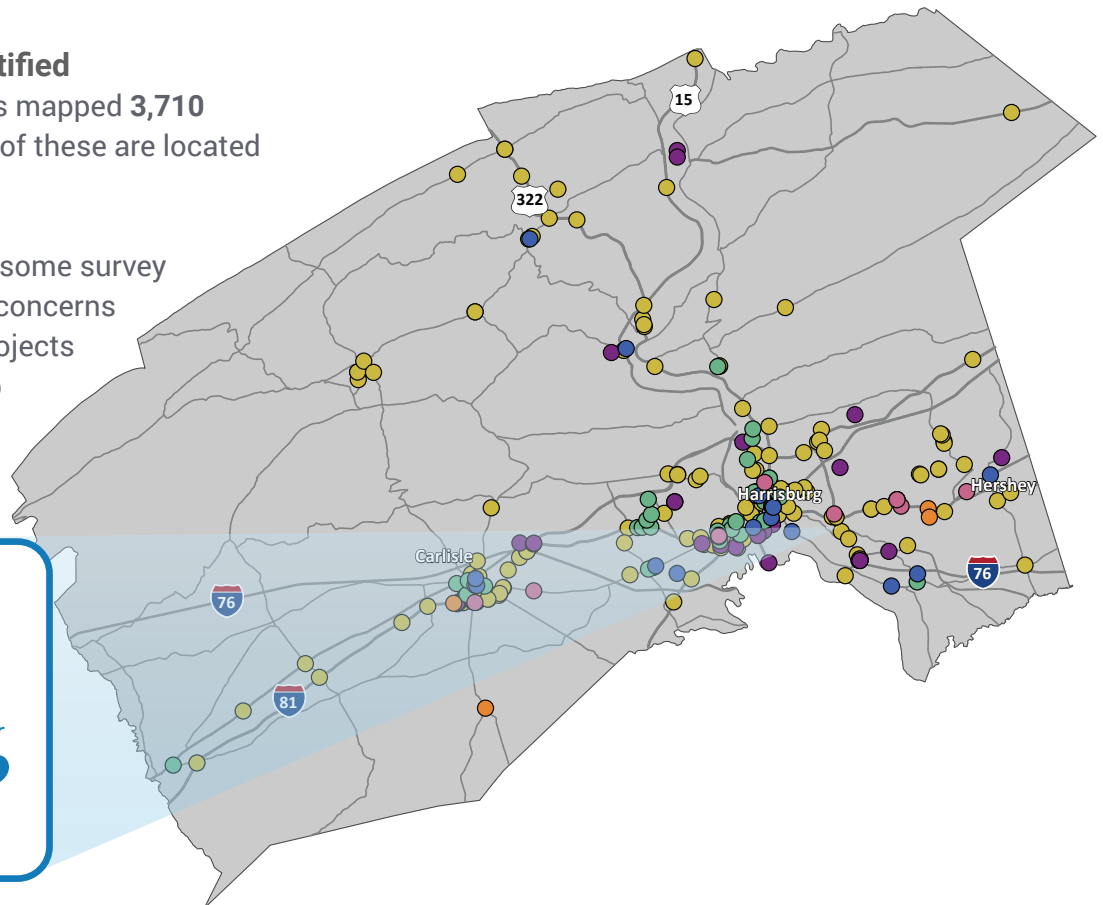

#### Transportation Issues Identified

Statewide, survey participants mapped **3,710** transportation concerns, **271** of these are located within the **HATS region**.

During the mapping exercise, some survey participants discovered their concerns were already addressed by projects on the 2025 TYP. See the map and data below for more details.

“When you exit 283 South and attempt to go from the offramp to southbound Eisenhower Boulevard, there are often so many cars waiting to turn left at the light that you can't cross over from the offramp to 441.”
